

• **Designing & Using Learning Scales  
that Create Competence** •

WORKshop Designed by Bill Rich

What is a learning scale? How is it similar to and different from a rubric? What are the smartest ways for teachers and students use them? Whether you're new to learning scales or someone who's been at this for a while, this WORKshop will make sure you've got the inspiration, resources, and guidance (and time!) you need to begin drafting and refining learning scales that will make a difference for you and your learners--be they middle / high schoolers or your colleagues--this year.

Participants will leave with ongoing access to a range of helpful resources and permission (and encouragement!) to share these resources with their colleagues. Here is the [learning scale](#) that Bill and participants will use to guide the day's learning and set goals at the day's end.

**Dates:** January 12, 2018

**Place:** Trader Duke's Hotel  
Burlington, VT

**Cost:** \$190 (lunch included)

**Time:** 8:30-3:30
